JAPANESE AIRCRAFT CARRIERS

1920-1945

Ermanno Martino

An aerial photograph of a Japanese aircraft carrier, likely a fleet carrier, viewed from a high angle. The ship's deck is painted with green and white camouflage patterns. A prominent red sunburst graphic, a symbol of the Japanese military, is overlaid on the upper portion of the ship. The carrier is moving through the ocean, leaving a white wake. The sky is dark blue with some white clouds.

A photograph of a French aircraft carrier at sea. The ship's superstructure is prominent on the left, featuring a complex array of radar masts and antennas. In the foreground, a dark blue and white fighter jet is positioned on the deck, with its landing gear down and a large splash of water around it, suggesting it has just landed or is about to take off. The sky is a clear, pale blue.
